E-PRESCRIBING CONSENT FORM

ePrecribing is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy from the point of care. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. ePrescribing greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act (MMA) of 2003 listed standards that have to be included in an ePrescribe program. These include:

- **Formulary and benefit transactions** — Gives the prescriber information about which drugs are covered by the drug benefit plan.
- **Medication history transactions** - Provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.
- **Fill status notification** - Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up, or partially filled.

By signing this consent form you are agreeing **Morris R. Hanan, M.D.PA** can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.

Understanding all of the above, I hereby provide informed consent to **Morris R. Hanan, M.D. PA** to enroll me in the ePrescribe Program. I have had the chance to ask questions and all of my questions have been answered to my satisfaction.

Cancellation and No Show Policy

Thank you for selecting me as you medical care provider. You are a valued patient at our office. As you are aware, I am dedicated to treatment of the whole patient not just the illness. When we schedule appointments. We set aside time and professional resources to meet the individual needs of our patients, including time for a one-on-one consultation. When a patient fails to show up for an appointment, or to cancel within 24 hours of the appointment, our valuable resources are idle. More importantly, a patient care opportunity is missed.

We understand that there are occasions when a patient must miss an appointment due to unforeseen circumstances or scheduling conflict beyond his or her control. In this event, we ask that you call our office and cancel your appointment within 24 hours of the scheduled visit to avoid a missed appointment fee of $20.00. This courtesy allows my office staff to schedule another patient who is also in need of medical care. Again, I am committed to providing you with the best care possible and to answering any questions you may have regarding your health and well-being.

Thank you

Morris R. Hanan M.D.
